

Chloralene DFL (FG) ***Alkaline Chlorinated Liquid*** ***Product Information Sheet***

Chloralene DFL is a alkaline chlorinated liquid foaming disinfectant cleaner – heavy duty protein grease & fat remover - Non-Fragranced. **Chloralene DFL** comes with Intertek certification and manufactured in an ISO 22000 certified environment.

Chloralene DFL can be used as an all-purpose powder disinfectant and light duty cleaner in food sensitive areas, including food processing floors & abattoirs.

Chloralene DFL can also be used in restaurant / kitchen sanitizing bucket stations and for soaking cloths and other general cleaning equipment including mops / squeegees.

Chloralene DFL Can be sprayed on, mopped on or by scrubbing method. Can be used to soak various sundries including kitchen utensils & mops. **Chloralene DFL** has multifunctional applications, excellent disinfecting ability, broad spectrum efficacy and good general cleaning ability. **Chloralene DFL** is economical & easy to use.

Chloralene DFL is concentrated. A Stronger dilution will increase kill ratio / kill efficacy & reduce kill time. The mixed solution should be discarded every 12 – 24 hours. Higher concentrations of **Chloralene DFL** will increase cleaning ability.

Chloralene DFL is a must have product in all industries that demands an easy-to-use effective powder chlorinated detergent disinfectant.

Storage: Store in cool ventilated area and ensure the lid is secure and sealed.

Application & Concentration: Average dilution 1%(Light Duty) or 2%(Medium Duty) or 4%(Heavy Duty) volume / water. (Cloth, mop, squeegee & broom soak)

Contact Time: 5 minutes or longer

PH levels – Undiluted (PH >12) Diluted @1% (PH 10.5 – 11.5)

Toxicity: Toxicological information / health effects

Inhalation – Do not inhale.

Skin Contact - Avoid skin contact.

Eye Contact – Avoid eye contact. Will cause irritation, seek medical assistance.

Ingestion – Do not ingest. Potential discomfort and abdominal pain including nausea, vomiting and diarrhoea.

Biodegradability - Contains readily biodegradable ingredients. This product can be successfully bio-remediated.

Eco Toxicity - Non-toxic in small diluted volumes. Do not discharge large undiluted volumes.

Specific Effects - None experienced or reported. Irritant to eye, harmful if ingested in large undiluted volumes seek medical attention should symptoms not subside or worsen. Do not leave un-attended.

Safety Precautions – Wear appropriate safety gear i.e. Safety glasses & gloves.
